Come with us as you take a journey in time exploring the history, geology and archeology this trip offers.

Carbon Rec Outdoor Tours

Autumn is the best time of year to be in Utah's Canyons. We still have a few spots open (at the time this went to press) to experience Range Creek, 9-Mile Canyon and/or the San Rafael Swell.

Range Creek has been referred to as "The Secret Canyon." It has been the subject of documentaries on Scientific American, KUED Television, and Time Team America. Stories have appeared in numerous magazines like National Geographic and Smithsonian.

9-Mile Canyon has been called the longest art gallery in the world. Some of the most famous petroglyphs in the world can be found there.

These canyons were the home of the Fremont Indian culture for over a thousand years. They mysteriously disappeared about 800 years ago, leaving behind innumerable clues to their rich history.

Tucked away in an isolated canyon in Eastern Utah, Range Creek Canyon was virtually unknown to the world for 100 years. In 2003 the owners sold the property to the state of Utah. The canyon is now managed by the University of Utah Museum of Natural History.

The San Rafael Swell is filled with mysteries to explore, some that date back thousands of years.

Carbon Rec has been doing tours in 9-Mile Canyon and the San Rafael Swell for 20 years and initiated tours in Range Creek Canyon nine years ago.

You will travel in air-conditioned vehicles from Price. Layne Miller and/or Juanita McEvoy will be your guide(s) on this remarkable journey through time. Together they have over 30 years of guiding experience. Their many stories add significantly to your experience.

The Philosophy of Carbon Rec 435-636-3702

The mission of Carbon Rec is to provide recreation and lifelong learning opportunities to every resident of the county.

We attempt to keep costs as low as possible in all programs. Thanks to the County Commission and Carbon School District fees are half that of many other communities.

People who are involved in wholesome recreational activities are happier and better adjusted than people who are not. We do not give cash prizes nor banquets. Prizes for league champions are modest. Participation and fun is always our emphasis, not winning.

Our goal is to exceed the expectations of every participant in every program. While that is not always possible, that is always our goal. If we come up short, we want to hear from you. While complaining does no one any good, constructive criticism can be productive and is always welcome.

While we expect everyone to contribute, we will never turn a child away from any of our programs for inability to pay. If you can't afford a program for your child, ask us. We may be able to help.

We are always looking to broaden our offerings. It is our pledge to offer anything that fits within our mission and that the community will support. If you want to do something, call us. If you have a talent you would like to share with the community, call us. We are always open to new ideas.
